This packet of information contains the

Summary of Benefits and Coverages for the

Blue Card PPO medical program for members of
the Joint Council No. 53 Retiree Health & Welfare Fund

2018-2019

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, [insert contact information]. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at https://jc53.asp-benefits.com/.com or call 1-866-614-2105 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$250/person & \$500/family innetwork; \$500/person & \$1,000/family out-of-network. The deductible does not apply to services which require a copayment or for which no cost sharing is permitted.	You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the deductible starts over (usually, but not always, July 1st). See the chart starting on page 2 for how much you pay for covered services in addition to the deductible.
Are there services covered before you meet your deductible?	Yes.	All preventative services under the Affordable Care Act are covered with no cost share
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services, but see the chart starting on page 2 for other costs for services this plan covers.
What is the <u>out-of-pocket</u> <u>limit</u> for this <u>plan</u> ?	Yes. \$5,000/person; \$10,000/family for medical, of which \$500/person (in- network) applies to coinsurance; remainder applies to copayments. Pharmacy copayments are capped at \$1,500/person & \$3,000/family	The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.
What is not included in the out-of-pocket limit?	Premiums, balance billed charges, health care this plan doesn't cover & penalties.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a <u>network provider</u> ?	Yes	Network providers are contracted to accept a negotiated rate so your out of pocket would be calculated based on the negotiated rate rather than the total charges
Do you need a <u>referral</u> to see a <u>specialist</u> ?	No	You can see the specialist you choose without permission from this plan.
